This message was
originally accepted
by neither of my
publishers.

normally when being
requested to draft up
one-shots, there is no
room to decline.

However, when I
received the message
‘please draw up a short story’,
it was like walking
into a mine.

that the job is done,
though it feels like
there isn’t a proper
hand or foot to this
project. (humor)

in the next place,
if win my previous
drafts work that get
accepted again, so the
art's a little weird.

as for the title?
that's because i couldn't
find other appropriate
names for it. it suits a
single volume better
with the [i] must have you

after drawing the main
character again, i've found
that my style has
changed so much that it's still...
nothing to brag about...
